

Dr. Tim Rühlig

Political scientist

Senior Research Fellow “China” at the German Council on Foreign Relations (DGAP)

Founder of “China Digital Analytics – Tim Rühlig”

Email: contact@timruhlig.eu

Twitter: @ruehlig

Website: www.timruhlig.eu

Research focus: Chinese technology policy, Chinese foreign policy, EU-China relations, Germany-China relations, technical standardization, Hong Kong affairs

Work

2023-2024	European Commission, IDEA: China Fellow
2023-	Founder “China Digital Analytics – Tim Rühlig”
2022-	German Council on Foreign Relations (DGAP): Senior Research Fellow
2021-2022	German Council on Foreign Relations (DGAP): Research Fellow
2019-	EU-COST Action: “China in Europe Research Network” (CHERN): Chairman CHERN Working Group II “High-technology and innovation”, Core Group Member, Swedish representative in the Management Committee Member
2019-2021	The Swedish Institute of International Affairs: Research Fellow
2018-2019	The Swedish Institute of International Affairs: Research Analyst
2021-	European Think-tank Network on China (ETNC): participant
2018	European Think-tank Network on China (ETNC): coordinator (rotating position)
2018-2021	European Think-tank Network on China (ETNC): member
2013-2018	Goethe University of Frankfurt: Associate Research Fellow at the Cluster of Excellence “The formation of normative orders”, Chair on International Organizations (Prof. Christopher Daase)
2013	AVO Carbon: Quality management
2009-2011	Goethe University of Frankfurt: Student research assistant at the Chair of International Relations and theories of global orders (Prof. Deitelhoff)
2005-2006	Kibbutz Kvutzat Shiller, Rehovot/Israel: voluntary social year

Education

2013-2019	PhD International Relations: University of Frankfurt (“summa cum laude”)
2009-2012	M.A. International Studies/Peace and Conflict Research: University Frankfurt/Technical University of Darmstadt (very good, 1.0)
2006-2009	B.A. Political Science, Cultural Anthropology: University of Tübingen (very good, 1.2)
1992-2005	General schooling, University Entrance Examination: Waldorfschule Frankfurt (very good, 1.0)

Visiting Research Fellowships

2018	Visiting Research Fellow European Institute for Asian Studies (EIAS), Brussels
2016	Visiting Research Fellow China Foreign Affairs University (CFAU), Beijing
2015	Visiting Research Fellow Swedish Institute of International Affairs, Stockholm
2015	Visiting Research Fellow, Department for Asian Studies, University of Stockholm

Commissioned work/policy advice:

2018-	Commissioned studies and policy advice on strategic technology autonomy of Europe and China’s technical standardization approach for a wide variety of European stakeholders including the European Commission, the German Federal Foreign Office, NATO, and the European standardization organizations CEN-CENELEC among others.
-------	---

Scholarships

2014-2017	PhD scholarship foundation “Polytechnische Gesellschaft”
2007-2012	Student scholarship Heinrich Böll foundation

Research projects

Ongoing research topics and projects – more on my website (www.timruhlig.eu)

1. *Digital Power China: implications for Europe (2020-)*
2. *China's technical standardization power (2019-)*
3. *Realigning German-Chinese relations (2021-)*
4. *The geopolitics of wireless infrastructure – a challenge for Europe (2019-)*
5. *State and future of EU-China relations (2018-)*
6. *Taiwan – escalation scenarios below a full invasion (2023-)*
7. *Chinese foreign policy and the PRC's political economy (2014-)*

Previous research:

1. *PhD project: “State control in times of China's rise. How the vulnerability of the party-state shapes China's approach to state control and selective international integration” (2013-2018)*
2. *Hong Kong affairs (2014-2020)*
3. *Smart seaports (2020-2022)*
4. *China's political economy, the threat of a financial crisis and its implications for CCP rule (2014-2018)*
5. *MA thesis: “In Search of a Good Political Order for the ‘Chinese Century’. Comparing the Governments' with Chinese Internet Users' Perspectives” (2012)*
6. *Student research project: “Virtuous by Weakness? The Role of Small Developing States in the 2010 Cancún Climate Negotiations” (with J. Pfister & H. Weismann) (2010-2011)*
7. *BA thesis: “... giving back humanity ...” A long way to sustainable peace. Measuring success and failure of storytelling projects after large scale violent conflict” (2009)*
8. *Student research project: “Conditions of Success for Religious Framing in Violent Domestic Conflicts. Case studies of Pakistan” (with G. Burger & L. Kaufmann) (2008-2009)*

Publications (as of 31 October 2023)

Books:

2022: *China's Foreign Policy Contradictions*. New York: Oxford University Press.

2017: *Which political order do Chinese internet users and the government want? Implications for the international political order of the “Chinese century”*. Saarbrücken: Éditions Universitaires Européennes.

Edited reports

2023: *Europe's strategic technology autonomy from China – assessing foundational and emerging technologies*. Berlin: Digital Power China.

2022: Assessing the Implications of China's Digital Power for the European Union. Brussels: China in Europe Research Network (with contributions of pairs of engineers and China scholars)

2018 (with Björn Jerdén, Frans-Paul van der Putten, John Seaman, Miguel Otero, and Alice Ekman): Political values in EU-China relations. European Think Tank Network on China – annual report. (presented at the European Parliament, the European Council, the European Commission, and the European External Action Service among others; on the list of “recommended readings” by the US State Department for all diplomatic missions of the United States).
